Dear Parishioner,

If you are like me, scrolling through your social media feeds or e-mails, you have also been touched by the many ways the effects of COVID-19 have stretched far and wide. Some of the stories that tug my heartstrings most are those where families have lost those near and dear to their hearts not to mention the loss of family income, businesses and connections with familiar routines. The loss has been great with unprecedented demands particularly for our children where a safe place to build relationships, become educated and learn a myriad of things that will stay with them forever are now threatened.

Many of us have been blessed with enduring memories of our own educational experiences and the relationships we’ve built, especially for those who attended Catholic schools. Parents who seek accelerated academics, a safe environment, and a moral upbringing consistent with their values often seek Catholic education for their children. At Corpus Christi Catholic School, we work every day to provide students with experiences that will positively impact their lives and direct them to be young men and women active in stewardship and faith.

Unfortunately, the Corpus Christi Catholic School community was not exempt from the debilitating effects of COVID-19. There is a shortfall, especially now, even with parents paying for their children’s education.

It is with an excited and hopeful heart that I tell you about today’s launching of the Shared Blessings Adopt-A-Student Program. This program allows for someone like you, a donor seeking positive ways to impact your community and your faith, to support children in their education, within a Catholic learning environment. Please consider adopting a student by providing assistance for their future at Corpus Christi Catholic School. The current tuition rate in the Diocese of Colorado Springs is $5,615 per year. Your support would help to adjust the tuition costs for the families, thereby making Catholic education accessible to all families, and increase enrollment for a sustainable school.

Corpus Christi Catholic School has educated generations; we have been in existence for 98 years and are striving to make it to our 100th Anniversary and beyond! With your prayers and financial support, our work to build our children and our Church for the glory of God will continue. Please prayerfully consider contributing to this Adopt-a-Student effort, by completing and returning the enclosed sponsor enrollment form. If you are unable to sponsor a student, but are supportive to the cause, your donations to Corpus Christi Catholic School would be yet another way to assist in raising the necessary funds so no student is turned away.

Father Brian Roeseler and I thank you in advance for your support and prayers; and hope you will please share this opportunity with your friends, families and co-workers. The more people who know about this way to advance the Adopt-a-Student Program, the greater our success will be to support our youth with an exceptional Catholic education. We thank you for your continued financial support for our parish and recognize that any donation or participation Shared Blessings would be in addition to what you currently tithe. You will continue to be in our prayers!!!
